Don C. Olsen
4400 W. 2100 N.
Plain City, Utah

Dear Sir:

Eden Irrigation Company has protested the pumping of water in the pasture area north of Spring Creek (sec 28 T 7 R 1 E). In checking the river decree and at the State Engineer's Office, I have been unable to find a water use right for this area. I must, therefore, deny you the use of the water until a right has been determined. When the right to use this water has been established at said office they will notify me regarding this matter.

Respectfully,

J. Floyd Barnett

J. Floyd Barnett
Ogden River Commissioner

Copy to Mr. Olsen
